Segment Information

1. Overview of Reporting Segments

The Company's reporting segments are those of the Company's constituent units for which segregated financial information is available and are subject to periodic review by the Company's Board of Directors in order to determine the allocation of management resources and evaluate performance.

The Group formulates comprehensive business strategies for the products and services handled by each of the Company's products and services business divisions and conducts business activities.

Accordingly, the Company is comprised of segments by product and service, with the Logistics Solutions Business, Plant Business, and Mirai Creation Business as the reporting segments.

The Logistics Solutions segment develops, designs, and manufactures logistics systems centered on sorting, picking, and transportation systems that integrate IT, and performs maintenance of these systems. The Plant segment is engaged in the maintenance of storage tanks for LNG, LPG, crude oil, and other gases and liquids. The Mirai Creation Project is engaged in the survey, measurement, and analysis of asbestos, etc., the maintenance and management of environmental measuring instruments and environmental surveys, the design of various measuring instruments related to civil engineering, construction, and pollution, the manufacture and sale of industrial facilities and equipment, the manufacture and sale of various manual and electric winches, and construction contracts.

2. Method of calculating the amount of sales, profit or loss, assets, and other items for each reporting segment

The method of accounting for the reported business segments is the same as described in the "Fundamental Important Matters for the Preparation of Consolidated Financial Statements". In addition, the profit of the reported segments is based on operating income, and transactions between segments are based on the actual transaction value.

3. Information on the amount of sales, profits or losses, assets, and other items for each reported segment
